### Wit and Wisdom

#### MODULE 4: The Continents

##### Essential Question:

##### What makes the world fascinating?

We will continue to complete an evidence organizer for each continent in a small booklet to note things to do, natural features, and animals. By finding information in the texts to focus upon, it has a positive impact on knowledge acquired after reading, rereading, and reviewing the information. It is wonderful to see such great student interest in this module and the excitement at being able to recall facts and information about the continents! We will use what we learn to form **OPINIONS** and participate in writing activities to express opinions about favorite features of the continents.

### Fundations

#### Unit 4, Week 4

##### Sight words: want our

##### Key concepts in Unit 4:

- Phoneme segmentation (separating sounds in words-"put it on your fingers")
- Concept of a consonant digraph: Focus will be on: **wh, ch, sh, th, ck**
- **A digraph is two letters (usually consonants) that make one sound; often the sound is unique**
- Decoding three-sound words with digraphs
- Spelling three-sound words with digraphs
- Spelling of ck at the end of words (one-syllable words, with one short vowel)
- Sample words: thin, path, rock, dish, when, chin, shop
